The McCrums

August 2011

Dear Friends,

“Let us go again and visit our brethren . . . and see how they do.” Acts 15:36

Bill and Nina Meyer were the first couple that we led to Christ when we began our first ministry thirty years ago. They grew quickly in the Lord and assisted us in establishing this young church. The Lord blessed and we were able to turn the work over to a national pastor three years later. When the Lord moved us on to begin a new work near Cape Town, Bill and Nina asked if they could come with us and help start a new church. Soon the Lord laid on Bill’s heart to become a church planter, and aided by our new co-workers, a church was born amongst the Coloured people. Since our friends knew the culture and language much better

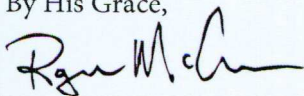

than we did, we encouraged them to “stay in Crete” while we followed the Lord in another direction.

Last month, twenty-five years later, God opened the door for Darlene and me to “go again and visit our brethren . . . and see how they do.” After the long 1,000 mile trek, we were overjoyed to see firsthand God’s blessing on Bill and Nina’s ministry. Hundreds of souls have been saved and four churches established through men Bill has trained. This was a highlight in our ministry to be able to preach to these dear folk and fellowship with them around God’s Word!

Thank you for sharing in the work God has called us to!

By His Grace,

Roger & Darlene McCrum
